INTERESTS AND ACHIEVEMENTS

SPORTS & INTERESTS: *Ballet, Contemporary dancing, Zumba, Scouting Painting, Baking, Bike Riding, Hiking*

FUTURE: *Would like to work in Social or Environmental fields*

ALL ABOUT Joana

Introduction: Joana is a happy, caring girl who hopes to make the world a better place. She loves spending time outdoors especially with family and friends. She lives in a picturesque village of approximately 5000 people.

She loves music more than anything, Whether she's dancing, playing piano or singing this is what makes her feel the best. Her favorite subjects in school are English, Arts and History. While in the US she would love to try new things like cheer leading or other sports.

Along with music she enjoys being the group leader for seven younger scouts and trying new recipes for her family. While in America she hopes to cook together with her host family and to help out in the kitchen.

She is excited to get to know new people and the American culture and I would love to see another part of the world. Her goals while in the USA are to adapt to a new environment, try out new things, get to know lots of people, improve her English and get out of her comfort zone. She would like to make new experiences, learn new things and have an unforgettable time with her host family.

INTERESTED IN HOSTING Joana
