### ALL ABOUT Luca

#### *Introduction:*

*My name is Luca. In this letter I will tell you about me, my family and my life. I live in Italy, in a small but at the same time beautiful town.*

*Since I was a child, I have always been a sporty guy. In fact, I played karate when I was a little child, but that is not all: I then switched to swimming and I played tennis for a period, too. But my favourite sport ever is football. To me soccer is huge fun, I find it so exciting fighting with your teammates and score a goal. Personally, I think that soccer is the most beautiful game. I also very much like watching soccer matches live at the stadium...*

My family is very important to me. My parents are sweets and always there for me. Of course ..sometimes we argue. I think this is absolutely part of the game. My sister is in her 20 She is a university student... Let, switch to mom and dad now. Dad is a businessman. He sells professional scissors made in Japan to the best hairdresser in Northern Italy. My mum Lucia, works as a travel agent she organizes a lot of trips tailor made to small groups...

There are many reasons that motivate me to start this experience. I want to know a new and different I think a year abroad is a great way to grow up, to be able to best chose what to do next. To develop into a wise young man, and evolve. So, I hope I did not bore you with my story. I look forward to seeing you soon.
