### ALL ABOUT *Liubov*

**My Typical Day:** During COVID: after waking up around 8am, I do some basic stuff such as brushing my teeth and hair and having routine with my face, so to say i have a morning self-care. My online school starts at around 9 am and ends at around 2 pm. Since we live near a lake my mom and I often go around it when the weather is good. I really enjoy these walks because it's not only good for my health but also we have a chance to discuss some important things during them. After that I do my homework and sometimes i have extra classes at maths and science with a tutor.

**Introduction:** Hi, My name is Luba from Ukraine, I am 15 years old and study in 9th grade. I have always dreamed about studying in America. I started to learn English at school when I was 6 years old.

People characterize me as a very open, talkative, tolerant and creative person. I agree with that because I am really open and can easily talk to person I just met. It is also really easy for me to make friends. I think that I am very purposeful - I have a lot of goals in my mind and I really hope to meet all my goals.

I have a lot of hobbies and really enjoy trying something new. Tennis was a big part of my life during the long period of time. I started playing tennis when I was 5 years old. At the age of 10 I wanted to be Serena Williams or Maria Sharapova on court. I was on the court every day till I was in top 20 tennis players in Ukraine at the age of 12. I played in international tournaments in Ukraine as well as Greece, Cyprus and Albania. But two years ago I decided to play just for myself and right now I am very happy to play tennis with my dad and friends.

I like to swim but also used to go to dancing school when I was little. I go to the dance studio where we have a wonderful team. My favorite dances are contemporary and hip-hop. As I live in Ukraine, I speak Russian and Ukrainian languages. If anyone from my future american family would like to learn any of those languages, I will be happy to help.
