Introduction: Hello, my name is Laura and I am 15. I was born in Andalucia in Spain. We have the best weather, food and people. We always say that we live in the paradise. My area is very cosmopolitan and here come people from anywhere of the world.

I dream about studying in the USA from the age of 12. I'm interested in the american culture, language, history and life style. I think this is gonna be the best experience of my whole life, I am so excited to discover how life is in the US and live my experience in an American high school. In 2017 I was in the US visiting NYC and Disneyworld, and that increased my interest in studying in the USA.

I love playing tennis, go skiing, travelling and of course theme parks. I play tennis and go skiing since I was 5 years old, my parents love sports so I have been practising sport all my life. They also love travelling, I have visited a lot of theme parks and cities.

In the future I would like to study criminology or something related to the police. I am excited to show you the Spanish culture and our way of life. I am a very empathic, kind and cheerful person with many dreams and future plans.

I hope to meet you soon

Laura
