### ALL ABOUT *Michaela*

**Introduction:** I would really love to introduce myself. My name's Michaela and I am 16 in my second year on high school. I am from little country Slovakia. I come from a big family. That includes my mom, dad and other four siblings...

We live in a big house with big back yard and in the big house we need to do our chores. Mine are vaccuming, dishes and most of the time I am helping outside. Our favorite activity is playing board games or going on the road trips. Funny thing is watching us play board games because our competitiveness. I alone have a lot of interests. For example, sports, music, films, reading, going on trips and trying new things. For sports it's volleyball, floorball, football, basketball or even simple running. I am pretty good at swimming and skiing. I am also go to drama club and I am doing dancing....

In my school, I also have a lot of true friends. Usually it's me, Nada, Sara and Petra. Nada calling us something like holy four and I find it hilarious....

Like I said before, I live in a village or something like small town. You can find here two little shops, flower shop, playing field and school. There is not something to be interested about, but me and my friends know how to spend time here. To be honest, I have a lot of plans in the future....

Maybe it's because my stubbornness to just not let things go. Sometimes, I can be determined and hardworking. But my friendly and positive aura beats me to be a sunshine with toomuch energy for everyone. This leads me to the last question. What I would like to gain from my exchange experience. First of all, learn English on the top level for my previously mentioned dream careers. Other experiences, which are important too, meet new people for life, see how life's going on the other side of the world and learn from it. Also try new interesting things which are different to what I am used to. It can be school, school clubs, lessons in general, collective and family. In the end, I hope you are happy for my letter and I hope maybe we will meet in the future. Michaela
