ALL ABOUT

Dear American Family,

Thank you for taking the time to read my letter, My name is Jovan, I'm a 16 boy from Montenegro and I would love to meet you! So in this letter, I will try to tell you more about myself, my family and friends, so you can get a better idea of who I am as a person!

In my free time, I like doing a lot of things with my family and friends because I like being around people that care for me and that I care for. I am a very good student and a hardworking kid that likes meeting new people and trying new stuff, which is the reason I applied for the FLEX program. I enjoy training boxing/MMA, doing all sorts of stuff with my friends and family, I like watching movies, shows, and sports. I like to think of myself as a generally good and persistent guy with big dreams and goals which I am working on every day.

My ideal career is to be an athlete that a lot of people will look up to or being a trainer because I'm very happy when I'm training and influencing people positively.

I have a few good friends who are always there for me, we share a lot of common interests and enjoy doing a lot of stuff together! We see each other every day and we enjoy going for walks, training together playing video games, and just talking to each other. I mean we do your usual teenage boys stuff and enjoy being around each other a lot and I love them very much!

Our town is relatively small but we make the most out of it. About 4 thousand people live there and everybody knows everyone. I like my town because it has a rich history and a lot of nice people in it!

I would like to meet new people and try different stuff while in America, I would love to stay in contact with my host family and my American friends after I get back home!
