ALL ABOUT

Hello, my name is Valeria, I am Ukrainian and would very much like not only to visit America, but also to delve into culture, to understand people. I love new acquaintances and am open to communication. I like to learn something new and I think it will not be too difficult for me to adapt, since now I live in another country alone. I have many hobbies and many impressions that I am willing to share. It will not be difficult for me to understand that if I live in another family, in a house, then I must definitely help around the house, because I have to live there too. Looking forward to seeing you have a nice day.

After school, I usually have free time that I spent on walks with friends or mini shopping. We walk until about 16 and then I have 3 hours for distance learning in a Ukrainian school. I may also some lessons with tutors as I prepare for the ZNO. After school, I like to spend time in the gym to relieve my brain and take care of my health. Usually we go there with my friend and after that it's the best time to sit in the park and drink a coffee together. Then we come to dormitory house and have fun with friends. At 22 we have to be in our rooms, so at 9 pm I take a shower and prepare for sleep, it takes me 2 hours) Then everything is like everyone else: sleep.
