## ALL ABOUT

Dear American Family

I'm a 16 years old boy from a small town. I currently live with my mother. I and my mom usually go to the spa, watch TV and cook together. My responsibilities at home are splitting wood, cleaning my room, taking out the trash, and mowing the lawn. I'm into physical activities: extreme sport, gym, basketball. I'm also interested in photography. I'm open to everything new and getting out of my comfort zone. My friends are very kind and supportive. We are spending a lot of the time together snowboarding, playing basketball, outdoor swimming, playing online games and watching movies, and playing board games. My home town is pretty small, it has 3 schools and a few grocery shops. Main tourist attraction is adventure centre. I have not made certain decision about my future but I am thinking about going to university and study civil engineering. And again, I am really into trying new things to find out what suits me the best. I would like to gain understanding of American values and culture. Interact with American people and explore the key elements of U.S civil society. Are the thing I hope to gain from my exchange experience.

I spend my free time with friends. We play online games together. Play basketball together. Ride snowboard or scooter together. On a day with good weather, we usually go swimming. In the U.S. I would love to learn (American) football. Take surfing lessons. Watch NASCAR or Formula One. Hike on The Grand Canyon.
