### ALL ABOUT *Nathan*

Introduction: Hello, my name is Nathan.

I just turned 16 this year and i am currently studying in grade 10. I live in the south of france, in a small town. I'm also a christian living in a christian family.

I love playing basketball but before all, I love music, I play the piano, the guitar and i'm also a music producer. If i should describe myself i'd say that i really like talking to people about everything (it would be a great ocasion to talk about french culture) . I am very open minded and love to meet new people.

Now, to tell you about my motivations; I'm taking part in this project because american culture seems to be really interesting even more for french people and I would like to discover it. It would be a great opportunity for me to make new friends and also improve my english Being in constant contact with English speaking people would be such a good opportunity for me to perfect my English.

This project could help me a lot to find a career plan. I think i am rather good at speaking english, so communication wouldn't be a problem. It would be, for me, such a pleasure to meet you in real life!! Thank you for taking the time to read this and I hope to meet you next year!

(P.S. I'm also really comfortable with pets so if you have any animal it won't be a problem to me)
