ALL ABOUT *Giorgia*

Introduction: Dear Host family, my name is Giorgia, I'm a sixteen years old girl and I live in a small village in the north of Italy

In my family there are five of us: my sister Gaia, my brother Luca; my mum Valeria is a chatty, kind and sweet person, she cooks very well, she loves music, art and to see her child happy, she is a lovable mother; my dad Marco is funny, extrovert, generous and positive person, his passion is sailing with him I often go out with boats, he also plays piano and violin very well, with him I'm never bored.

Me and my family have 2 dogs and a cat: Pitsoforo, Ginepro e Mirtillo: they have a very particular names (plant names), we love animals. Now I think that it's my turn, I should talk about myself.

I'm a funny, extrovert and sunny person. I love to make friends and I try to be always honest with people and make them happy. I'm a comic person and also a bit dramatic, I often make others a lot of laughs. I'm flamboyant, impulsive and creative. I'm a really sensible girl, when I fail I become very sad but I always try to see good also in the bad things. I don't like to be bored, in my free time I meet my friends or I have a great time with my family too, together we often watch movies, go out for a walk, play together or just talk, I love talking with people, I'm chatty like my mother...

I love clothes and I'm really observant to take care of myself, much the time I eat healthy and I'm a sporty person, beyond artistic gym that I've been doing since I was little, sometimes I run or do some workouts alone, I'm not a lazy person and I love to be committed. I also ski from I was 5 years old, in winter holidays I usually ski and I really enjoy do it...

Another thing that I love it's the sea, it makes me peaceful. When I'm with my dad I enjoy go out with his boat,... My biggest passion is drama. I love to be in a stage and be acting, since I was little I loved it... I attend the Classic High School, It's one of the most difficult school in Italy and the we do a lot of hours of Latin, Greek and Italian Literature, by the way my favourite subjects are Maths, Physics, Chemistry and philosophy... I also like to cook, when I'll be there I may cook sometimes some of our Italian dishes so that you can know a bit of Italian culture too!
