ALL ABOUT *Auba*

My Typical Day: On a weekday I wake up at 7:15 am and get ready to go to school. At school I do my classes and have lunch in there. School ends at 4:00 pm and I have gymnastics at 5:30 pm (Only Monday, Wednesday and Friday). After that, at about 8:30, I go back home and take a shower, have dinner, read, help my parents with household chores and do my homework. Finally I go to sleep at 10:30 pm.

Introduction: Hello, dear host family! My my name is Auba and I am 14 years old, turning 15 this summer. I live in the the Balearic Islands in Spain with my Dad, Mum, brother and our small dog, Willy. I love playing the piano and singing. I also like reading, listening to music (principally pop) and doing gymnastics. It is going to sound weird, but I like to study too.

From my point of view I am funny and nice. One thing that has been very good for me throughout my life is that I am very organized and determined. Also I consider myself a person who enjoys helping and I am very grateful. My goal is to improve in english, discover new places and meet new people.

I'm still not sure what I want to do in the future, but that is why I want to spend some time in the US. I might find the answer with you.

I hope to see you soon and live my experience with you!
