ALL ABOUT *Kilian*

Introduction: *Dear host family,*

My name is Kilian and I'm from Germany. I'm 16 years old and I'm attending the tenth grade in my Secondary School.

I look forward to my staying in the United States. Since my cousins, who spent some time in North America, told me about their exchange year I knew that I wanted to do it too. I really like the English language and am interested in the American way of life, especially sport, music and movies.

About me: For three years I've been playing basketball. Apart from basketball I am very much into soccer. Soccer is the most popular sport in Europe. There is a big number of football clubs and a lot of national and international competitions. I play it literally every week with my friends and whenever I'm able to I go and support my favorite local football club Hertha BSC in our football stadium. But meeting friends or go into the stadium is hard now because of corona. Table tennis is another great hobby of mine. I've played it for many years now and since my last birthday I have my own table tennis table. I often play with my father and friends.

In 2020 we moved into our own house with our own garden which we all love very much and do now and then gardening too. I sometimes go fishing too with my uncle who knows a lot about it. Another thing I love to do is traveling with my family. In the winter we usually go skiing and in the summer we either travel to places where you can relax (like beaches) or we go hiking in the mountains or do bike tours. I also like reading books and cooking sometimes.

I think these are the most important things in my life and I hope I could give you a little impression of me. I look forward to meeting you.

Kind regards

Kilian
