### ALL ABOUT *Benet*

**My Typical Day:** I get up around 7:30, I have some breakfast and I go to school by bus. I start school at 8:30. Classes are very interactive, we do debates about history and politics on a weekly basis. School finishes at 15:00, that is when I return home. Then I have lunch, if I am alone I prepare it myself. Afterwards I have a break until 17:00, then I start doing homework. When I finish, I watch some series or videos, I play the piano, or I do some workout.

On the weekends, I play always play a football match with my team, I hang out with my friends, or other times I do workouts or spend time skating.

**Introduction:** Hello, my name is Benet. I'm 15 years old. The reason why I'm applying for this unique opportunity is because I have always been interested in going to the USA to learn about the culture, and to improve my English. I want to know how Americans live, eat, interact...

Another of the main motivations for going to the USA are the skateparks and surfing spots in the country. Since I am very young I have always played soccer, but I recently started skating and I would like to practice this sport a little more. I also love playing basketball, the most popular sport in the states. I would also like to try to snowboard and surf.

Regarding my host family, what I expect are loving people and open minded parents. I would like to have a host family that wants to do new things like visiting new spots in the city, going for a hike, or doing little vacations. If it is possible, it would also be nice to have siblings, that way I could talk with them any time and share my daily life with people my age.

Finally, to conclude, the most important thing for me from this experience is to improve my English level, return home with friends from the USA, and if possible also friends from other countries, and to maintain a good relation with the host family.
