## ALL ABOUT *Carlota*

Introduction: Dear family :

My name is Carlota and I'm 14 years old. I would like to have the opportunity to visit the U.S.A so that I can improve my English and have better opportunities for the future. I'm a very calm, loving and responsible girl, I'm always in a good mood because I am a very positive person. I like to share good vibes with my family and friends. My father is a Businessman. My mother is a Secretary. I'm the second of 5 sisters and therefore I am quite a responsible person. I have an older sister, who currently is studying in the US with an American host family. Another that is 7 years old and the 4 years old twins.... I have a puppy called Dabbi....

My hobby has always been the gymnastics, I started to practice it when I was 5 years old and I had to quit at 13 because of a knee injury. I have reached the position of national gymnastics champion in Spain for 3 years in a row, and I got a gold medal in one of those stations...

Actually I don't practice any sport but I would like to try to be a cheer.

I love cooking and I am looking forward to showing you how our typical dishes, such as the potato omelette, taste and are made. I also want you to teach me how to make pancakes that I love. I always try to buy your products in our supermarkets or a store called "Taste of America" but I imagine they will have nothing to do with the ones you really have there.

In my studies I'm a very organized person, always I try to have all work and homework done and study little by little. At 5 years I start to study Chinese and nowadays I continue studying it. I wanted to thank you for wanting to welcome me into your family and get to know me and give me the opportunity to fulfill my dream, and if you don't choose me, nothing happens, thank you just as much for having read my letter and having dedicated a few minutes of your time to me.

Thank you very much for that.

With love:  
Carlota
