ALL ABOUT *Bobirbek*

Introduction: Dear host family. I am really excited about getting to know you. But firstly let me introduce myself and my lifestyle to you. My name is Boburbek. I am 16 years old and from Uzbekistan. I am living in a house that is located in an area full of fresh air, beautiful nature. Every our neighbours have small flower garden in their home so we have. We have got four parrots. I love taking care of birds and other domestic animals like hen and chicken. I would describe myself as an adaptable and caring person who tries to make the best out of every situation and tries to make comforts. I enjoy spending time with my friends...

I love reading different interesting books, novels and so on, and singing a song, listening to music, going to picnic with my family or friends. One of my lovely hobby is retelling stories and fairytales to children and teaching them useful things I know. Furthermore every summer when I went to the camp I organized poem, story competitions between children...

My patient personality will help me to master more difficult situations for instance when the kids are tired or do not want to listen to me. Living with me is really easy as I am not a demanding person. I do respect that the house is your house and that I have to follow your house rules. If something works not quite as it should I prefer to talk instead of ignoring things...

I want to get to know the American way of life as well as different cultures. Most importantly it would be a great chance to improve my English skill as well. I hope we can develop a good relationship, working, living, together as a family. I would be very happy to experience an eventful year with your family. I am looking forward to talking to you. Your son in Uzbekistan, who will miss you, Boburbek.
