ALL ABOUT *Alejandra*

Introduction: Hi my name is Alejandra, I am 15 years old. I would like to go to America to know more about your culture, to know more places, to live the experience of high school there and to improve my english. I have been in another exchange student program when I was 10. I went to Oklahoma for two months. I have a really good relationship with the family so I went back some summers. Last year I also went to Germany for 10 days in another exchange student program. My family have hosted 3 American kids for 2 months and a German girl for a week. We are 6 members on my family. My dad (Cesar), my mom (Carmen), my two brothers (David and Jaime) and my sister (Maria). Jaime and Maria are twins. I'm the oldest kid but my relationship with them is really good. I like to play with and watch movies with them. I have a lot of fun when I'm with them.

My family and I spend a lot of time together. We play paddle because we all practice that sport, we also watch some movies together. Sometimes we also like to visit new places especially on Christmas and summer. We also spend a lot of time on my town because my parents, when they were little, they used to go there. In my free time I like to listen to music, play outside with my siblings and chill out, I also like to paint and my favorite thing to do is to hang out with friends. I also like to take photos. I really like to watch movies or series. I like to practice some sports like paddle, dancing, and volleyball but it wouldn't be a problem to me to try new ones. I don't know how to sky but I would like to learn and on summer, I like to surf with my cousins. I have been surfing for two years so I'm not that good but I really like it.

I don't mind about my final placement but I would like to have siblings, one of my age or around. I prefer to stay with another girl or boy from another country with the same age as me. I think that this is a good opportunity to not also learn from the american lifestyle, but also to know somethings about another country...

Thank you for reading my letter and hope to see you soon.
