ALL ABOUT *Finja*

Introduction: Finja is a lively bright caring fifteen year old who will turn sixteen in December. She is already very excited for her exchange. She lives next to the woods which she truly enjoys but she can easily access her city by walking for thirty minutes or riding her bike there. In fact Finja usually rides her bike to school which takes her about ten minutes.

When she is not at school she loves riding horses. In particular she enjoys the sport of Vaulting which includes doing acrobatic skills while the horse is moving. She has a foster horse she cares for several times a week.

Finja also enjoys going to the gym to workout and playing the piano. She likes to draw, to bake cakes and other desserts. In the summer she often goes to the lake with friends and enjoys being outdoors.

Because of her love animals she chooses to be a vegetarian. In fact her whole family is vegetarian so she has always had this diet.

Finja is a very open person but at the beginning she can be a little bit shy. Once she is comfortable and familiar though she loves to talk a lot.

Finja is excited to learn a lot during the exchange not only in school, also for her future life. She hopes to find new friends and make great memories.
