### ALL ABOUT *Ester*

Introduction: Dear Family:

I am Ester and I am fourteen years old, though I will be fifteen in September. I live in a city which is located in the south of Spain, with my parents and my two sisters. They are twelve and seven years old. I really like sports, especially basketball that I practice twice a week, besides, I play on weekends. I also like volleyball, paddle tennis, skating and swimming. Actually, I like pretty much every sport except baseball because I'm so clumsy batting. I also like to hang out with my friends, read, watch TV shows and listen to music. I study at a private school, since I was three years old and there I have my best friends... In the afternoon I do homework and study and on Tuesdays and Thursdays I train basketball too...

On weekends, we usually meet the family to play paddle and eat together. My favourite food is the pasta and paella that my grandmother prepares, although I also really like meat. When the weather is nice, we go for a walk and play basketball or table tennis in a park near our house and sometimes eat pizza when we're done. When the weather is bad, we spend the afternoon at home and watch a movie eating popcorn. In summer, we enjoy going to the pool...

Last year I was going to spend two weeks in Germany, in March, for an exchange, but, because of the coronavirus, I could only spend a week, and I was very sorry because the family I was with, was lovely and I did not have enough time to get to know them well, nor Dresden (the city in which they lived). As it was such a good experience, I have encouraged myself to try a course in the United States, because I would like to know more about your culture and improve in my knowledge of your language (which I love),...

In addition, I believe that this experience can help me grow as a person and improve my abilities. I hope you help me make the most of this experience. At first, I may have a little hard time opening up because I'm a little shy, but as soon as I meet you, I'm sure I'll be able to learn and share a lot of things with you. I can't wait to meet you.

A big hug from Spain.

Ester
